CCC GHGRP Updates

- Coalition staff shared draft comment letter with work groups on **October 21**, requesting feedback by **October 27**
- Advocacy update:
 - Continued engagement with congressional champions
 - Broad Association letter – Coalition unable to sign given the scope of the comments

Common points of feedback:

- Make clear that we are talking about Subpart RR, and other relevant CM subparts (not entire program)
- Emphasize **delay** of repeal until acceptable alternative identified (not less than one year)
- Tone down language that could be seen as combative
- Make connection between Class VI and GHGRP more clear
- Clarify the role of GHGRP in export markets

Next Steps

Friday,
October 31

- Please review **final draft** letter and provide feedback **no later than NOON, Friday, October 31**

Monday,
November 3

- CCC staff will file final comments

November
TBD

- Discuss potential options for model guidance

Political Landscape

**Fiscal Year 2026 Appropriations /
Government Shutdown**

**Bipartisan Permitting
Discussions**

FY26 Appropriations

Senate Energy & Water bill

- Funding level dispute between Sens. Collins/Kennedy may be resolved
- Still large swaths of the bill to iron out; open question on path forward

Legislative Text to Address DOE Cancellations

- Text would void project cancellations made at DOE on the basis of 'change in agency policies'
- Would not impact DOE's ability to cancel awards for non-performance or missed milestones

Outreach to Senate Republican Appropriators

- CCC staff continue to make the rounds with Senate Republican appropriators
- Legislative Work Group members are encouraged to conduct outreach with Senate appropriators using Coalition talking points

DOE Project Cancellations

- **New resource:**

- CCC staff reviewed all 213 projects listed on the 'leaked' DOE project termination list under the Office of FE and OCED
- Additional details on these projects have been compiled in a new spreadsheet for CCC members
- Contact Sangeet Nepal with questions (snepal@carboncapturecoalition.org)

- **Advocacy:**

- CCC staff continuing to mobilize champions
- CCC members should contact member offices in your district and state to share the impact of any specific cancellations
- Please refer to the talking points circulated earlier this month

Thank You!
