

The Carbon Capture Coalition is pleased to invite you to sponsor the [2026 Innovation & Policy Forum](#), our annual flagship event that brings together members and leaders from across the carbon management ecosystem. Your sponsorship helps ensure impactful programming for our attendees, including companies, non-profits, labor unions, and other key stakeholders who are essential to the sector's success. In return, your organization will receive valuable opportunities for visibility and recognition before, throughout, and after the event.

This prospectus offers a range of sponsorship opportunities designed to align with your organization's objectives. We welcome the opportunity to collaborate with you on a sponsorship package that meets your goals, advances the Carbon Capture Coalition's mission, and ensures the success of the 2026 Innovation & Policy Forum. To discuss sponsorship opportunities or create a tailored package, please reach out to Carrie Danner at cdanner@gpisd.net.
