

About Us

[Carbon Capture Impact](#) (Impact), a 501(c)4 organization, is the premier national advocacy organization to advance durable, common-sense federal policy solutions for the nationwide deployment of carbon management technologies. An allied initiative of the Carbon Capture Coalition, Impact amplifies the voices of a broad, far-reaching network of advocates representing nearly every facet of the carbon management industry and stakeholder community.

POLICY FOCUS

Impact engages with lawmakers to advocate for durable, common-sense federal policy solutions to catalyze the nationwide deployment of carbon capture, removal, utilization, transport, and storage technologies, with specific focus on policies related to:

- Tax policy
- Infrastructure and responsible project permitting
- Sustained, robust federal investments in research and development
- Market development
